#### *Non-Evaluative Comments*

The Northeast Stockton community is currently served by a branch library. The 1987 master plan called for a new service area when population warranted it, and population growth has reached the point that a new service area has been drawn. The Bond Act Application Form asks for the square footage and dates of construction and renovation for library buildings that will be replaced or improved. Because the current library will continue to operate, the applicant has not completed those sections in the Application Form, and it is considered to have no existing library.
